Houzz Readers Choose Sennikoff Architects Of Naples

2012-05-03 · By Editor

Steven Sennikoff, of Sennikoff Architects, has been named Houzz's "Best of Remodeling" award recipient for 2012 Customer Satisfaction. Award winners are based on homeowner members who rated their experience working with remodeling professionals.

Homeowners evaluated professionals by contacting them directly on the Houzz platform, asking questions about their work and evaluating their responses to questions from others in the Houzz community.

With Houzz, homeowners can identify not only the top-rated vendors, but also those whose work visually aligns with their own design goals. The Best of Remodeling award is given in two categories: Customer Satisfaction and Design.

- **Customer Satisfaction** award winners are based on homeowner members who rated their experience working with remodeling professionals in 12 categories ranging from landscape architects to design-build firms.
- **Design** award winners' work was the most popular among the 1.2 million members, also known as "Houzzers," who saved more than 16.5 million professional images to their personal ideabooks via the Houzz site and iPad/iPhone app.

Sennikoff Architects is a full service architectural practice located on Naples Island in Long Beach. After years as a successful architect in a large firm in Newport Beach, Steven Sennikoff returned to his hometown of Long Beach to build his own architectural practice. His unique designs and innovated building types have earned numerous awards. He has been showcased in the New York Times Sunday Magazine and his projects have also been featured in national magazines including Coastal Living, California Homes and Custom Home.

Sennikoff Architects is at 5500 East 2nd Street, Suite 2, Naples Island in Long Beach. Visit [their website](#) or call (562) 438-2380 for more information.

Houzz is a residential design database featuring articles written by design experts, product recommendations, a vibrant community powered by social tools, and information on more than 1.3 million remodeling and design professionals worldwide who can help turn ideas into reality.
